DESCRIPTORS *Bibliographies; Educational Research; *Listening; Listening Comprehension; Listening Habits; *Listening Skills; *Listening Tests

ABSTRACT

This bibliography contains approximately 100 resources related to listening and listening skills at various educational levels. Included are articles and books on such topics as teaching listening, listening and children, listener response to oral interpretation, the development of listening comprehensive tests, reluctant listeners, major findings in listening in the last ten years, effective listening, and the listening of adults.
